Dear Member:

In these uncertain times when everyone is striving to do their best for their Country, the outlook for yachting is none too bright, but we should carry on and do the best we can.

We are not asked nor expected to give up yachting activities. We are planning our racing and entertainment with this in mind, and I am asking the members and the various committees to cooperate in making our season a real success.

Our activities will be more or less limited to club racing, cruising and entertainment. Your Executive Committee has gone on record against an L. Y. R. A. regatta this year. This is in line with the action taken by most clubs in regard to major regattas. At the L. Y. R. A. Winter Meeting, held January 17th, it was voted to abandon the regatta for 1942, although the door was left open so that if conditions warrant, it could be reconsidered before June 15th, 1942.

The committees and appointments as approved by your Executive Committee together with a suggested entertainment program are as follows:-

Harold L. Field (Cruising Division)
