## GENERAL INFORMATION

## MEALS

Saturday night (13th) dinner will be in conjunction with all fleets racing this day. Please pick up reservation card from Bruce Cameron prior to race - \$3.25 per person.

Breakfast will be served every day except TUESDAY the 16th from 8 to 9:30 am.

## BOX LUNCHESES

Will be supplied gratis each day, Saturday through Friday only. Please be sure your boat receives 1 box. This will contain 5 sandwiches and 5 bottles of milk.

## BUNKS

Contact Bob Lawless or Joe Ingerson.

## SHOPPING

Bum a car, but please watch the speed limits - \$25.

## HELP

Anyone.

## COMPLAINTS

No one.

RACING INSTRUCTIONS

Each series will consist of 3 races. In the event of unfavorable weather, the race will be sailed the following day which will in turn eliminate some of the team races.

NAYRU (1957) rules shall apply with the exception that the bow rather than mast line will be used for both the start and finish.

## COURSES

The courses will be either GOLD CUP or WINDWARD-LEEWARD as the Race Committee may determine. The Gold Cup course will consist of a triangle. The yachts start with a beat to windward, followed by two reaches on the remaining legs of the triangle; rounding the starting buoy at the end of the first circuit of the triangle, and again beat to the original weather mark, and the final leg from that weather mark to the finish line at the starting point.

GEORGE CUP will be 18 mile courses:

Gold Cup-3miles per leg; W/L - 4.5 miles per leg.

ALARM and TEAM races will be 12 mile courses:

Gold Cup- 2 miles per leg; W/L- 3 miles per leg.

Where possible all starts will be to windward.

## SIGNALS

The Race Committee boat will fly a white flag at all times, and will designate the course to be sailed in the following manner at least five minutes before the warning signal, and the red or green flag will be hoisted at the same time:

Gold Cup course ----- code flag G will be flown below the directional flag.

Windward/Leeward ---- the letter W will be shown with the course number.

Course will be signalled by the number of the course being displayed on a board on the committee boat. Course cards will be given out prior to the start of the first races.

## CODE FLAGS

Green ----- Buoys to Starboard  
 Red ----- Buoys to Port  
 W --- Warning ----- Blue square surrounding a white square,  
   surrounding a red square.  
 No. Pennant 0 - Prep\_-- Yellow, red, yellow.  
 No. Pennant 1 - Start - White w/red circle in center.  
 M --- Substitute mark - Blue field w/white cross.  
 P --- Race postponed -- Blue field w/white square in center.  
 C --- Race cancelled -- Blue, white, red, white, blue  
   horizontal stripes.  
 S --- Race shortened -- White field w/blue square in center.  
 F --- Finish line ----- White field w/red diamond in center.  
 R --- Reverse course -- Red field w/yellow cross.

## STARTING SIGNALS

VISUAL SIGNAL	EXPLANATION	TIMES		
Code flag W	Warning	10:50	10:20	1:50
No. Pennant 0	Preparatory	10:55	10:25	1:55
No. Pennant 1	Start	11:00	10:30	2:00

(all times are Eastern Daylight Saving)

Each of the above signals will be lowered thirty seconds before hoisting of the next. Attention to each signal will be given by the firing of a gun.

## START AND FINISH

The starting line will be an imaginary line between the home mark of the course and a second mark set between that mark and the Judges' boat. The Judges' boat will lay far enough away from this second mark so as to allow boats to maneuver before and after the starting signal. A yacht shall be considered as starting or finishing when the foremost fixed part of the boat crosses the starting or finishing line. When the Judges' boat is on the finish line, code flag F will be displayed and the line will be between the course mark and the white flag on the Judges' boat.

## RECALL

The Race Committee will endeavor to notify a yacht or yachts starting prematurely by sounding a sharp blast of a horn for each yacht recalled, and make every attempt to call out the sail number of the yacht or yachts involved. Failure to notify a yacht of her premature start, shall not relieve her of the necessity of making a proper start.

## POSTPONEMENT

The hoisting of code flag P means that the race is postponed until later. The warning signal will be made thirty seconds after the flag is lowered. Postponment periods will be not less than 15 minutes.

## TIME LIMITS

The time limit for the GEORGE CUP will be 4 hours. The time limit for the ALARM and TEAM races will be 3 hours.

## SHORTENING OF COURSE

The time limit notwithstanding, should the committee boat display code flag S subsequent to firing 2 guns at any mark of the course, the race will be finished at that mark.

## PROTESTS

A yacht wishing to protest must promptly display a flag (red or white) in her rigging, and also notify the Race Committee of her intention when crossing the finish line. Immediately upon returning to the RYC club house, a written protest must be filed with the Race Committee on forms to be obtained from the Race Committee. All decisions of the Race Committee shall be final.

## POINT SYSTEM

One point for finishing; plus one point for each yacht beaten; plus one/quarter point (except in GEORGE CUP) for the winning boat in each race. Any boat not starting in the first race shall not start in any subsequent race of that series. Ties shall be broken by "horse racing" except in the GEORGE CUP where a sail off is required between the tied boats to determine the winner.

## INSPECTION OF BOATS

Each boat shall be required to have at least one approved life jacket for each person aboard.

## CERTIFICATES

GEORGE CUP contestants must have updated certificates.

## SAIL NUMBERS

Any boat using numbers other than those showing on page 8 of this booklet, shall report sail number to the RACE COMMITTEE boat preferably before the committee boat leaves the dock. The Race Committee must acknowledge such a change.

## TEAM RACES

Team racing rules shall be those of the NAYRU rules for team racing.

## MARKS

Course marks are bamboo poles with red flags flying from the end (assuming there is wind).

## REMARKS

Floating cans and bottles are not generally considered as obstructions!

## BOATS
