

ENTERTAINMENT PROGRAM

The Entertainment Committee this year promises to carry out its part of the season's program according to the high standard set by the committee of last year; and, if possible, provide even more diversion for members and their friends than has been customary in the past. The committee recognizes the fact that the social side of the Club warrants especial attention, and that the increasing popularity of the organization is due in a large measure to the aggressiveness and invention of those having this branch of the Club's doings in charge.

The little "Ho" parties given during the past winter are only a sample of what may be expected during the coming season, and while the "stags" are not all included in the program that follows, it is an assured fact that plenty of good things can be looked for from the committee.

The usual house-warming and beefsteak dinner marks the opening of the Club House. Smokers and dances alternate on Thursday evenings; an all-day affair and go-as-you-please jubilee on the Fourth of July, and a rousing clambake in September, are a few of the stunts promised, and every member that stays away will have a kick coming—against himself.
