MAY REVIVE CANADIAN CUP YACHT RACES

Chicago, Ill., Jan. 18.—Whether the old Canadian cup, probably the most famous of the older racing trophies of the Great Lakes, will be placed back in competition will be decided here tomorrow at the annual meeting of the Yacht Racing Union.

The old cup, for years the most coveted of Great Lakes trophies, was recognized as representing the championship between Dominion and United States yachtsmen on fresh water. Through a dispute over rules, it was retired from competition and for nearly a score of years has not been raced for.
